Outdoor Research® Women's Coldsnap Down Jacket. OR322225

Product photo

We're proud to offer this limited edition Outdoor Research style, while supplies last. Engineered for extra insulation and loft, the Coldsnap Down Jacket combines RDS-approved natural down in the body and sleeves with an 85% recycled VerticalX™ Eco technology strategically placed in the shoulders and cuffs for reinforced warmth and water resistance. The lightweight 53% recycled ripstop Pertex® Quantum Eco shell blocks wind and resists rain and snow at base camp or while exploring around town.

Specs & Features

- Constructed of bluesign® approved materials
- 53% recycled Pertex® Quantum Eco 100% polyester ripstop shell and lining
- 18.9-ounce, RDS-certified 700+ fill-power down insulation throughout body and sleeves
- 85% recycled VerticalX™ Eco insulation in collar, shoulders and cuffs to eliminate cold spots and increase weather resistance in these exposed areas
- Water-resistant
- Wind-resistant
- Taller, flattering and feminine insulated collar
- Snap-secure insulated front placket over Vislon® center front zipper
- Brushed tricot chin guard at center front zipper
- Interior stash pockets
- Brushed tricot-lined zippered hand pockets
- Interior knit cuff gaiters with thumb loops
- Suede patch with contrast OR logo on left sleeve
- Adjustable elastic drawcord hem
- Open left chest space for ease of decoration

Sizing Note:

The Coldsnap Down Jacket is designed with room to layer, making it an ideal outer garment. Please size down if you want a closer-to-the-body fit.

Technologies

bluesign® Approved Materials: bluesign is a system that provides safer, more sustainable environments for people to work in and everyone to live in. Powered by a holistic approach, bluesign traces each textile's path along the manufacturing process, making improvements at every stage from factory floor to finished product. Simply put, bluesign changes the environmental impact of textiles for good.

Pertex® Quantum Eco: The lightweight 53% recycled ripstop Pertex Quantum Eco shell blocks wind and resists rain and snow.

RDS Down: The Responsible Down Standard (RDS) safeguards the welfare of geese and ducks that provide down and feathers for the products we all love, independently certifying down and feathers against animal welfare requirements and tracking it from farm to final product.

VerticalX™ Eco: High loft synthetic insulation that uses 85% recycled content. VerticalX Eco has a superior warmth-to-weight ratio, breathability and moisture management that combines weather-protective ruggedness with compressible, packable comfort.

CARE INSTRUCTIONS

Machine Wash Cold Separately, Rinse Thoroughly. Do Not Bleach. Tumble Dry Low Or Line Dry In Shade. Do Not Iron. Do Not Dry Clean.
